

EJ Matejevich

Creator, Innovator, and Developer

About Me Page

I am a student in the U.S. with a strong interest in both academics and extracurricular activities. I was born and raised in NYC, and I come from a Serbian, Irish, and Filipino background, which has helped shape my appreciation for different cultures. In my free time, I enjoy playing basketball and piano, which helps me stay disciplined and balanced. Academically, I am working on achieving the honor roll and continue to challenge myself in all my classes.

Outside of school, I am actively involved in Mock Trial, Model United Nations, and Debate. I aim to earn recognition in these areas- a witness award in Mock Trial, awards in Model UN, and success in debate tournaments.

Looking forward, I hope to gain valuable work experience through internships as well as potential career opportunities.

Resume

HIGH SCHOOL SENIOR RESUME

OBJECTIVE

Motivated high school senior with five years of experience at The Browning School, seeking opportunities to apply strong academic, leadership, and analytical skills. Dedicated to intellectual growth, community engagement, and entrepreneurial thinking, and committed to contributing meaningfully to future academic and professional environments.

ACADEMIC PROGRAMS & EXTRACURRICULAR ACTIVITIES

2024–2025 | Brown University *Pre-College Finance Program*

- Completed a college-level finance program at Brown University, gaining exposure to financial analysis and economic principles
- Engaged with university faculty and peers in a rigorous academic setting

2024–2025 | Wharton School, University of Pennsylvania *Entrepreneurship Program*

- Attended the Wharton School's Entrepreneurship Program, developing skills in business strategy, innovation, and venture creation
- Collaborated with fellow students on entrepreneurial projects and case studies

University of Pennsylvania — SIP Program *Anti-Procrastination Tool Developer*

- Designed and developed an anti-procrastination tool focused on behavioral strategies to reduce procrastination
- Participated in advanced academic coursework across multiple college-level classes as part of the program
- Applied research-based methods to create practical productivity solutions

The Browning School | Mock Trial Team *Competitor & Award Recipient*

- Earned multiple awards in Mock Trial competitions, demonstrating strong public speaking, argumentation, and legal reasoning skills
- Represented the school in competitive trials, refining analytical and persuasive communication abilities

ACHIEVEMENTS

- Honor Roll and High Honor Roll recipient on numerous occasions throughout enrollment at The Browning School
- Multiple Mock Trial competition award winner
- Completed two college-level programs at Brown University and the Wharton School
- Created a functional anti-procrastination tool through the UPenn SIP Program

Skills

Technical Skills:

- Currently learning programming and web development fundamentals, building a foundation in coding logic and site structure
- Familiar with digital design and productivity tools such as Google Workspace, document editors, and basic design software for academic and creative projects

Academic Skills:

- Strong reading comprehension, with the ability to analyze complex texts, identify key arguments, and synthesize information across multiple sources
- Strong written communication skills, able to construct clear, well-organized essays and written work across a variety of academic subjects and formats

- Developing public speaking skills through Mock Trial competitions, where I have practiced delivering arguments, responding to cross-examination, and presenting persuasively under pressure
- Sharpened research and critical thinking abilities through competitive Mock Trial preparation, including case analysis, evidence evaluation, and building logical arguments within legal frameworks
- Demonstrated time management and goal-setting skills through balancing enrollment at The Browning School with participation in two college-level programs at Brown University and the Wharton School simultaneously, while maintaining Honor Roll and High Honor Roll standing
